Notes from the Trustees

We might be having heavy frosts in South Canterbury but when you wake to a glorious sunrise and a mild sunny day follows, it sure is good to be alive and well. Some of the trees are showing their blossom indicating spring is not far away!!

MVV On-Licence Process

The Trustees are pleased to advise that the Resource Consent process to have an On-Licence for the Community Centre has been approved. The next stage is to have the Application for an On-Licence (to serve) to be approved. This is underway and we are hoping for a speedy result.

As has been previously advised, Val Fahey and Tony Kerr have completed the process to get their Manager's Licence and are now proceeding to apply for the Managers Certificate.

Residents Representatives

It is that time of the year when the Mountain View Village residents are invited to nominate two residents to be elected on your behalf to report on the various activities to the MVV Trust monthly meeting and to be the link between residents and the Trustees. It is an important role that requires both positive and respectful communications.

Villa Alterations

As has been communicated previously, **it is a requirement** that if you are planning to do an alteration or upgrade paint and paper to the interior of your villa, change an electrical appliance and/or any other changes **you must seek approval** from the Trustees before you start any work. All work must be done by a qualified trades person. All work is then recorded on your property file for future reference. If in doubt, please check with the Maintenance Co-ordinators.

Maintenance

Have you got a trellis near or attached to your Villa? We are aware that there are some trellises that have mould growing over them. This is not a good look for the image of the Village. Please speak to the Maintenance co-ordinators Graeme Thompson or Lester Frame for advice.

Welcome to the new MVV residents, we encourage you to enjoy the many and varied activities that are available at the Village.

Mountain View Village Vehicle Policy - August 2025

Mission Statement

To ensure safety for all residents, staff and visitors within Mountain View Village.

Aim of this policy

To ensure all pedestrians including People with disabilities, residents and visitors are safe and not at risk from vehicles moving within the village.

As there are no footpaths, vehicle speed needs to be strongly maintained at 15km/hr, to ensure pedestrian and vehicle safety.

Action

1. Maximum speed is 15kms/hr within Mountain View Village (MVV).
2. All drivers and visitors are to be made aware that the roads are shared with pedestrians.
3. No vehicle is to park, blocking access to the specific house main entrance - to allow for Emergency Services access to the front door at all times.
4. Drivers to abide all signs and road rules.
5. Parked vehicles on the road are to leave 1 meter space from driveways.
6. All vehicles parked within MVV must have a current WOF or COF (Cars, Utes, Motorhomes or Caravans).
7. Pedestrians should walk on the side of road, facing oncoming traffic and move close to the edge of road for oncoming vehicles.
8. Unless you park your vehicles in your Garage and/or on the driveway, (without obstructing any other vehicles in a shared drive); there will be a charge for parking a second vehicle and we recommend it is parked near the MVV residents' workshop or in Motorhome/Caravan park - if space is available. The Charge applying for parking your second or other vehicle off your driveway or in garage, is set by the MVV Trust.
9. A month's notice is to be given by the Resident to the MVV Trust, if their second or other vehicle is leaving MVV permanently and charges are to stop.
10. MVV Trust will give Vehicle owners 1 month notice if their vehicle needs to be removed from the Motorhome/Caravan Park.
11. Visiting Motorhomes are permitted to be parked within Mountain View Village for 1 – 2 nights only, with application to and consent of the MVV Trust.
12. Those charging EV vehicles, bikes and scooter are expected to use the recommended charging devices as provided by the manufacturer and to plug into appropriate and recommended power source.

The following relates to Owners of Motorhomes or Caravans

1. Resident's Motorhomes or Caravans can park on their driveway, for a maximum of 48 hours, or park outside the owner's home on street for a maximum of 48 hours, prior to departure and on return from a trip, for convenience of loading and unloading.
2. MVV Trust may issue written permission in certain circumstances for Motorhomes or Caravans to be parked in driveways for longer than 48 hours, upon receipt of a letter from the resident requesting this permission and advising the circumstances.
3. Motorhomes and Caravans owned by MVV residents are to be parked in the designated parking area and the owner is to pay the monthly charge from 1 April 2025, as set by the MVV Trust.
4. Consent for parking in the designated Motorhome / Caravan area, is at the discretion of the MVV Trust. Size and weight of vehicle will be considered before permission is given. This permission must be re-obtained for any subsequent Recreational vehicles (RV) before they are brought on site.
5. Motorhome / Caravan parking Consent Form with Terms & Conditions is to be signed by the Resident(s) owning a Motorhome / Caravan which they wish to park in the designated parking area.
6. Motorhome / Caravan parking Consent Form is an appendix to this Policy.

Policy review - This policy will be reviewed after its first year and two yearly thereafter.

SPORTS & RECREATION COMMITTEE

NEXT MEETING Friday 8th August 2025 @ 9.30am

Hi to all. Nice to see some sunny days this week, and trees budding and spring flowers starting to pop up.

It's great to see residents coming to some of the activities on offer. Housie gets a good number every week, and 500 cards have had 4 tables at times. Always good to get out for a couple of hours and enjoy the company of others. And a win is always nice, at housie or at cards. Although at cards, often a win one week leads to a Moro bar for the lowest score the following week!

We are continuing table tennis on Tuesday afternoons with 9+ attending. It's great for a gentle workout and your balance and co-ordination. Come along, even if you've never played a racket sport before.

Ballroom dancing commenced on Thursdays at 4pm. Sessions will continue for all of August. Residents are having a great time, with good instruction and demonstrations from Bill and Sandra. We could still do with some more men attending, it's not too late to turn up and see what it's all about.

Carolyn Sengelow, from next door at Elloughton, was the speaker on Friday 11 July. She was very interesting and inspiring with everything she accomplishes, especially with low vision. There was a great turnout, and she was very well received. Thanks to Val and Helen for arranging the cups of tea and coffee, and to all residents who came to support this session.

sandpit toys!!

Thank you so much to those outside the committee who stayed back or came the next morning, to clean up. The committee feels it's done a good job when others are so ready to help. It's really appreciated.

Wasn't it great of Catherine to get the movie "Tina" to show after the soup luncheon. I know it was really enjoyed, and so soon after it had been at the movies.

We welcomed back pianist Elaine Caird this month, to play for us. Poor Helen McHaffie was ill and couldn't make it. Glad to see she is up and about again.

If you made it to **Fish and Chip night** at Happy Hour, we know you won't forget that one in a hurry. The ladies in the corner spilled wine playing with a beach ball, Esther got upset about the deposit a seagull had left on her placemat (a lucky spot prize sign) and Tony, Marie, Kay and Pat got their beach attire on. Thank you to all the others who made the effort also.

The committee also catered the speaker's morning tea (wasn't she interesting) and the choirs afternoon tea. 65 attended this plus the choir.

I would also like to acknowledge the work Helen Thickett does in organising "**Dinner Dine Out**" each month. July's restaurant was the Cave Arms Hotel. It proved so popular she had to restrict numbers. A very good meal was had by all, and she plans to return there in the summer and maybe sit outside. So if you didn't eat with your neighbours this month it wasn't through our lack of trying.

UPCOMING EVENTS

August will be a much quieter month. It seems that Pianist Tim Kirke has double booked himself and won't be putting on a concert for us this month as planned. I'm still trying to sort this out. If he can come you will find a note in your letterbox.

We are planning a Quiz Night at happy hour on the 15th. We are asking those that can, to bring a plate for a shared supper afterwards.

Take care out there on these frosty mornings. The car park at the centre can be very slippery so do **use the heated path** when coming in that door. Stay warm and safe!

Val Fahey.

Our wonderful library is being well used. Many of the large print books from Timaru Public library are being borrowed on a regular basis.

When donating books

If you have a book or books that are reasonably new, in good condition and would like to donate them to the library please ring Lorraine 0274980815 or Trish 0210507401 or 6861462. Thank you.

We are reinforcing the edge of new books as advised by the Public Library. As we are now finding the quality covers of new books are not as they were. We are doing this in the hope this will keep them longer.

THREE WEE BOOKSHOPS AT THE END OF THE WORLD by Ruth Shaw

Reviewed by Kay Beange

This is a must read of a vibrant energetic lady. This is her third book and not having read the others I am out to read them. Ruth started writing children's stories at age 20 for a New Guinea newspaper going onto win a writing competition in NSW. Her Three Wee Bookshops is a Love, Laugh and Sometimes tears. The shops are in Ruth's and Husbands (the love of her life) Lance's garden at Manapouri, after selling their business of Fiordland Ecology Holidays. Both avid sailors and divers, being Greenies and set to protect the NZ wildlife. Ruth has many stories of nurturing and saving all types of animals. One that stands out for me is lining her bath with plastic and filling it with 7mm of ground, leaves and sticks for a family of sparrows, also saving a Bumble Bee which she carried around in a box. There are also sad times of losing animals. Her and Lance's travels and problems in Russia, with customs and lost luggage. Along with stories of people they have met.

A hard book to put down.

CROSSFIRE by Wilbur Smith with David Churchill

Reviewed by Trish O'Brien

Its 1943 the tide of World War Two is turning. Now the allies must strike at the heart of Hitlers Reich. Special operations executive Saffron Courtney is sailing to New York on the Queen Mary. Her mission is to identify a mole in the British Embassy in Washinton DC before Churchill and Roosevelt begin strategy talks.

A good read.

VIANNE by Joanne Harris

Reviewed by Val Fahey

A long time ago (almost 20 years) a book came out by Joanne Harris called "Chocolat". It was very popular. It was made into a movie starring Johnny Depp. This new book is set six years before that story. It tells how the heroine got started in chocolate making. She is 21, pregnant and her mother has just died. I found this story repetitive, and it goes into too much detail. Did you know that there are four different methods of tempering chocolate. I did, because I had read about it in the previous book. The story is quite slow. At the beginning Vianne works in a bistro and learns traditional French methods. There are many French words and lots of details! Apparently there is to be another book written that will fit between this book and "Chocolat".

If you enjoy a gentle tale, with lots of description, this is the book for you!

Return Day

Please return all Timaru District Library Books by

Tuesday 5th August

New loan books will be available on Thursday 7th August in the afternoon.

Thank you.

Village Church Service—July Report

- ♦ 2025 July church service was taken by Rev Sue Dickson from St Mary's Anglican Church. Faith from the Salvation Army Church cheerfully returned again to play the piano. The service began, with everyone who braved the very cold day, to attend, singing the hymn, Be Thou My Vision. The following hymns were also sung, Praise, my Soul, the King of Heaven and Just a Closer Walk with Thee.
- ♦ Numbers, the theme for Sue's message, go back to before the birth of Christ; they have been used in business, in math's, in early science, people then, were fascinated by numbers. The book of Numbers in the bible name came from Census taking. It contains some of the very first censuses to happen; it was the years between the Jews escaping from captivity in Egypt to their settling in Canaan. A period of fifteen thousand years, starting about three thousand BC when the Jews began with a caravan of people, escaped slaves. Then the families merged into groups, these became extended families and grew and grew. Census would be taken at each stage. Eventually they became separate tribes, when they had been one once, each with their own divisions. They became known as the twelve tribes of Israel. There was a big religious side to it as well in the use of numbers; it required a certain mystic. In the New Testament there are what is called Mystical numbers. The number of people fed by a certain number of loaves and fishes, number of sections in the Lord's prayer, number of deadly sins etc. Mystical, meaning not to be taken literally. Jesus often asked how many times we should forgive others, not 7 but 70 times 7. That was a mystical way that next time you hear that reading, it means always. It reminds us to praise God as often as we can. Amen.
- ♦ Prayer-O Lord Jesus you are a loving and caring Father to us all. Dear Father, I pray for the people who are here and those who are not this morning. Lord this world is a crazy, crazy place but to come here and feel the beauty of faith and feel its presence here is such a joy. I pray for each person here, that they will be filled with your spirit. Lord it's a pretty gray day out there but the smiles on the faces of the people here have made my heart happy. And Lord, remind us, you never leave us, in our grief you are there beside us, in our happiness you are there beside us. We pray for those who work in this place, make it safe. Amen

Next Service on Thursday 7th August at 11am
Minister Anne Stewart from St.Davids Union Church

Bloke's Morning Tea - July Report

A good turnout we welcome all our village men to join us in a good cuppa and yarn. If you have a visitor, bring him along. This month we had a very interesting video into how the Milford Road team work and how they fill their rolls. A very good TV post. This was followed by a talk on working on the Milford Road some years ago. A very enjoyable morning. Michael O'Brien my son gave this talk and explained the rolls they play and his time working on the road.

Choir Concert & Sing-along - 20 July 2025

MOUNTAIN VIEW VILLAGE CHOIR CONCERT

On Sunday 20th the Village Choir held their midwinter concert combining it with a sing-along. It was pleasing to be joined by 65 residents, family, and friends. One old favourite sung was Caroline Bay. William P. Hendry wrote the lyrics and composed the music in the 1950's. The choir invited his son Russell to introduce the song and join with them singing it.

The choir is nearing its decade, and over that time has maintained a steady 20 to 22 participants, ages ranging from 60's to 90's. Please come along and see if you would like to join us, we always welcome new members.

Laughter Lines

I wanted to have a nice summer body for people to look at.. but I realized I like food more than I like people.

It's true that exercise helps with decision making. I went for a run this morning and decided never to do that again.

To the person who stole my camouflage jacket and my flip-flops... You can hide, but you can't run!

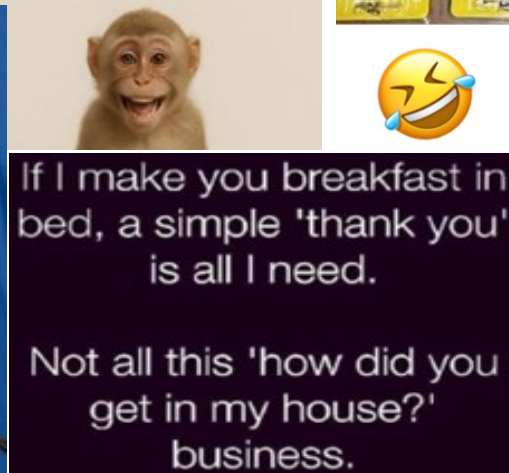

Just before I pass away, I'm going to swallow a whole bag of popcorn kernels... just to make the cremation a bit more exciting.

Kale is so versatile ... it literally fits into any size trash can.

My neighbor just yelled at her kids so loud even i brushed my teeth & went to bed

One way to find out if you're old is to fall down in front of a group of people. If they laugh, you're young; if they panic, you're old.

I just fired myself from cleaning my house. I don't like my attitude & I got caught drinking on the job

I have no interest in who built the drain system. I want to know who built the fence!

The older I get the more I understand why roosters just scream to start their day.

I just thought of something. People who take care of chickens are literally chicken tenders.
